Huntington Lodge Electric Fireplaces provides trade pricing based on quantity purchased. Trade accounts may elect to take their discount as a commission if we sell directly to their clients, with prior notice that they are referring clients to us. The commission payment will be made 10 days after final payment has been made and the client has taken possession of goods purchased. Trade accounts may also purchase directly at their trade pricing. Trade accounts must identify themselves as such prior to any transactions being completed.

Huntington Lodge at its discretion can cancel this agreement without notice. (It will honour outstanding transactions)
